## TRANSFORM YOUR CLINIC'S BOOKKEEPING AND FREE UP TIME

Running a medical practice or health centre can be busy and demanding. With Notch Above Bookkeeping powered by Xero, you can free up time so you can focus more on your clinic. With Notch Above working as your bookkeeping advisors you can more easily:

- Keep track of expenses
- Ensure all claims are progressing and maximised
- Manage working hours, approve leave and pay staff more easily with Xero's online payroll
- Work from your practice, remotely or on the go with a suite of mobile apps
- Synchronise Xero with third-party healthcare apps for appointment scheduling, practice management and more.

## PRACTICAL, STREAMLINED SOLUTIONS FOR MEDICAL & HEALTH CLINICS

Notch Above's cloud bookkeeping clients include Dentists, Opticians, Anaesthetists, Acupuncturists, Pharmacists, Medical Clinics, Ophthalmologists, Specialists Surgeons and General Practitioners.

Our bookkeepers work with your Practice Manager to allow you, as the medical specialist, to concentrate on running your clinic. This allows your Practice Manager to focus purely on running the practice, not having to worry about bookkeeping.

The Notch Above Bookkeeping team is experienced using medical software platforms such as Genie Solutions and Gentu.
